About Belóved Gallery

A seed for Belóved Gallery was planted when its co-founders, Lewis and Kirsten Cirne, acquired Akiane Kramarik's world-renowned painting, *Prince of Peace*. Captivated by the supernatural account surrounding its creation and astounded by the hope the painting inspires, they knew *Prince of Peace* was meant to be shared with the world. They dreamed about creating a space where a million people could have their own experience with the painting, with one founding purpose: to honor God, our Creator, thus amplifying Akiane's message of unwavering faith, unconditional love, and eternal life. They chose Marble Falls, Texas, USA, as the site for Belóved Gallery.

Belóved Gallery opened its doors in April 2023 as the only public exhibition of Akiane's works worldwide, sharing this remarkable collection with guests from over 50 countries and counting.

OUR MISSION

Founded to amplify the work of extraordinary artists, our mission is for people of all backgrounds to experience faith through art. Our inaugural exhibition, *Akiane: The Early Years*, is thoughtfully curated to tell a unique story through art, poetry, and film, providing a space for reflection, response, and connection.

OUR VISION

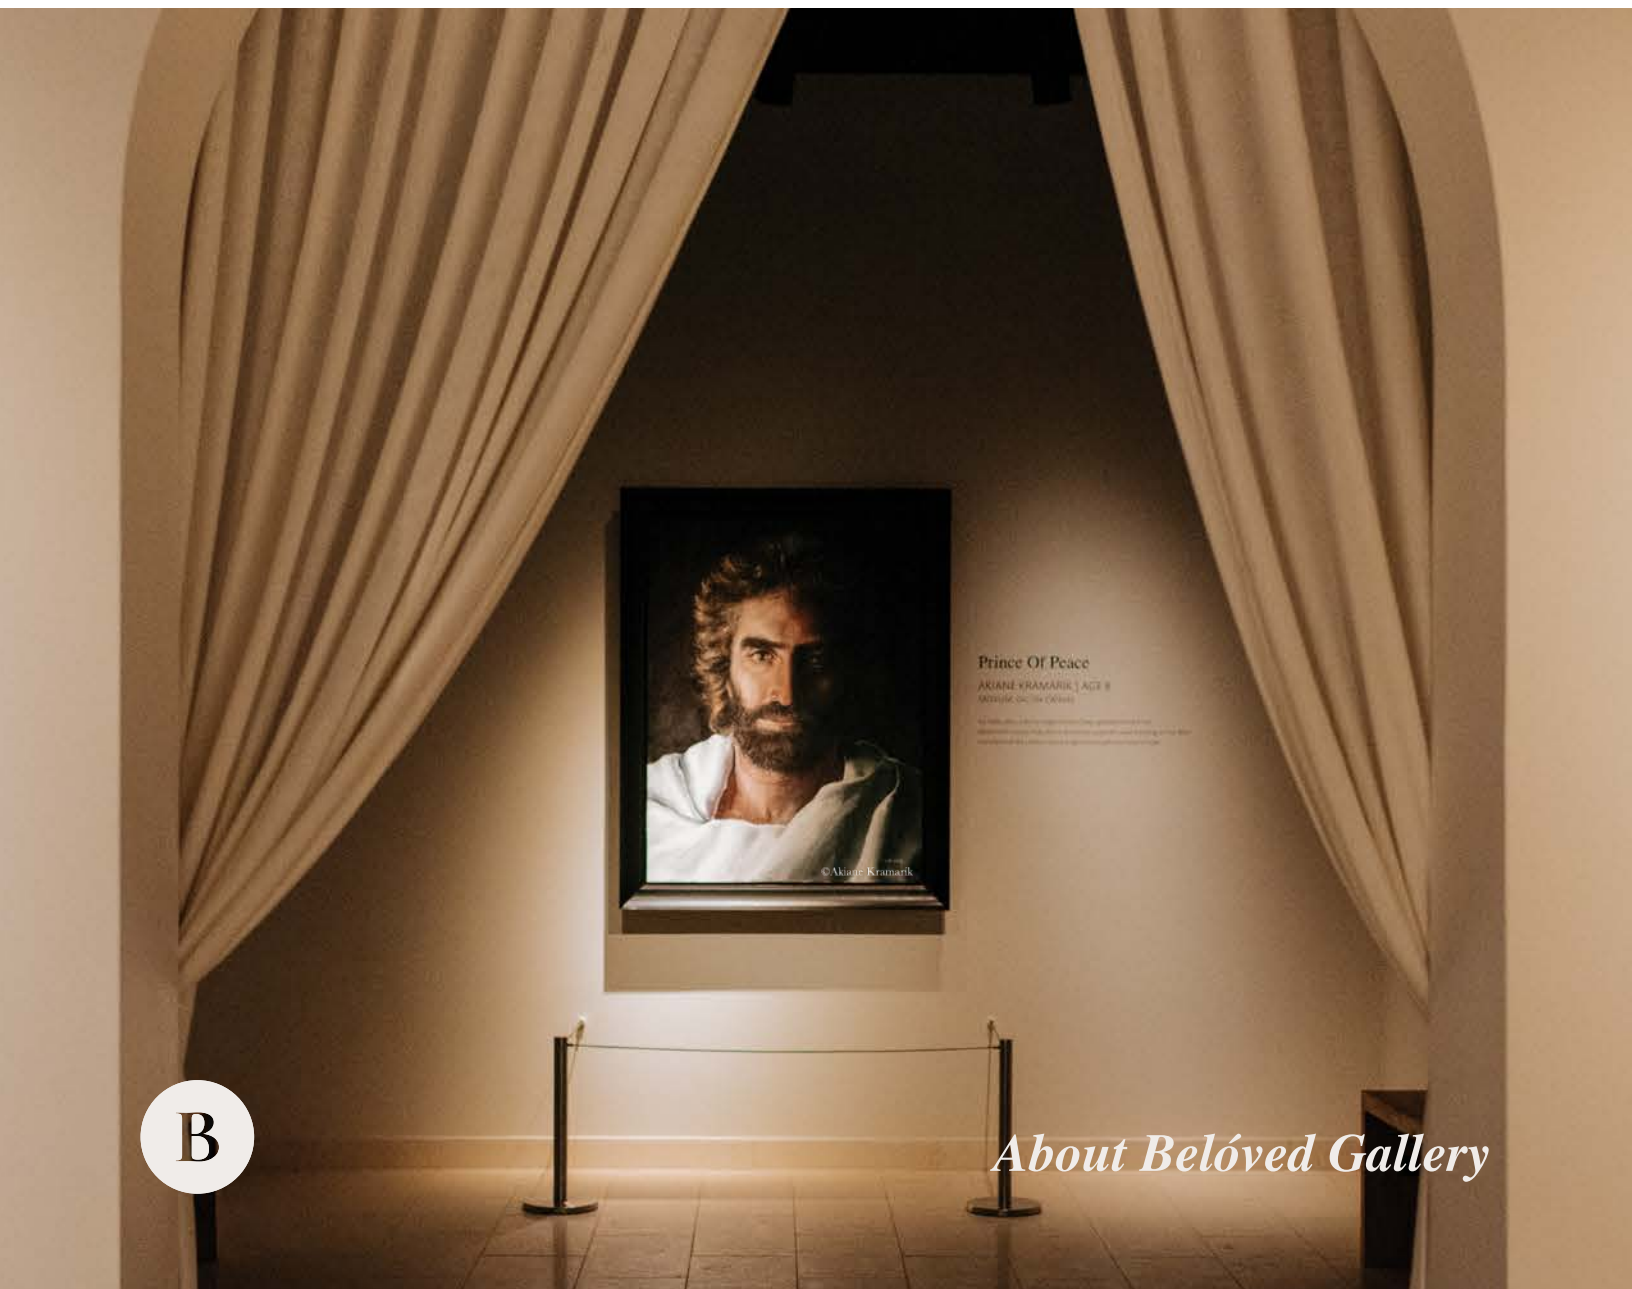

We believe that remarkable art and the stories behind it inspire faith. Experiencing faith leads to belóvedness: the truth that all are known and loved by the Creator. Our vision is to expand thoughtfully curated content across art and media platforms to see millions inspired to share their personal stories of faith, so that together, we can spread the message that belovedness is available to all.

Akiane: The Early Years

BELÓVED GALLERY | MARBLE FALLS, TEXAS

When eight-year-old Akiane Kramarik painted the face of Jesus from her recurring heavenly visions, she never expected the painting to become a world-renowned masterpiece or for it to be stolen. Now, *Prince of Peace*, considered one of the most recognized faces of Jesus worldwide, hangs on the wall in the Belóved Gallery after nearly two decades of being hidden away. The extraordinary story of the painting's creation, disappearance, and miraculous recovery is the heartbeat of Belóved Gallery's premier exhibition, *Akiane: The Early Years*.

Fall Affair: Commissioned — Sharing Faith Through Art

OCTOBER 24-25, 2025

BELÓVED GALLERY | MARBLE FALLS, TX

Each October, Belóved Gallery hosts its annual Fall Affair, a vibrant celebration where art, faith, and community converge. The 2025 theme is *Commissioned: Sharing Faith Through Art*. The word commissioned means to appoint, produce, and bring into working condition. An artist can be commissioned to create a meaningful work of art. God also commissioned us into His family as sons and daughters, individual masterpieces designed by the Master Artist, Himself. Building on this foundation, Jesus's final words on earth called for the Great Commission, an invitation to share with the entire world the profound work of Christ's sacrifice on the cross, His unbreakable love for each of us, and His promise of eternal life.

Highlights of the weekend include:

About Akiane

Internationally recognized fine artist, poet, best-selling author, philanthropist, filmmaker, entrepreneur, visionary, and art ambassador, Akiane Kramarik, is regarded as one of the world's most accomplished and versatile living artists. A former child prodigy, she is considered by many art experts to be the youngest binary genius in both realistic art and poetry. Her portraits of Jesus remain the most recognized face of Jesus across the world today. Akiane's creations have been exhibited in art galleries, museums, embassies, and private institutions, as well as collected by

world leaders, CEOs, and celebrities. She has traveled to over 33 countries, lived in eight states, seven countries, and on four continents.

Akiane's practice has diversified across a myriad of genres, styles, and mediums, ranging from hyperreal large-scale acrylic or oil compositions to more fluid, almost abstract works that include glass and gold. Drawing inspiration from her travels, meditations, dreams, visions, and serendipitous encounters, her mission is to make the invisible accessible through poetic visual language. She spreads messages of peace and hope through creating art that has an authentic healing energy. Akiane imbues her works with intricate and multifaceted symbolism. Landscapes, portraits, and stories are transcendent metaphors purposefully left unrestricted by any space or time.

Akiane considers herself an explorer and a steadfast interpreter of diverse epochs, cultures, faiths, and worlds. It is common to find a number of her originals displaying superimposed messages, hidden stories, encrypted codes, and quantum holograms, especially in soulscape - mystic landscapes of the soul and visionary interpretations of the soul's journey through life.

Above all, the artist attributes her talent and success to her solid family support, home education, diligent work ethic, perseverance, and unique cultural and spiritual influences.

The Akiane Feature Film

A child prodigy and her famous portrait of Jesus are separated for decades before their reunification leads to a prolific world movement of art and storytelling.

Belóved Gallery's subsidiary, Belóved Studios, is producing an unprecedented feature film that follows Master Fine Artist Akiane Kramarik around the world in the wake of her reunification with her most famous painting, *Prince of Peace*. Through narrative retellings, exclusive interviews, and groundbreaking cinematography, this feature film will explore a theme surrounding the power of art to uplift the human experience.

THE STORY

We live in a time when God is moving in extraordinary ways to reveal the depths of His unconditional love. The renowned painting of a child prodigy reflects the life of Jesus when He walked the earth thousands of years ago, recreating an experience of meeting Him face to face. Near-death experiences filling the media airwaves create a vision of an afterlife that exceeds our imaginations. Skyscraper-high photos from the faith-inspired show *The Chosen* adorn Times Square. Scientists tracking prodigious phenomena, such as telepathy in non-speaking autistic people, are discovering Jesus at the root. None of these happenings are meant to take Jesus's place but rather provide an open door to the greatest love story ever told – a love story for all mankind.

The occurrences surrounding Akiane's art are undeniable proof of this door. Guests encounter Jesus in shocking, emotionally moving, and miraculous ways. Our team sees the aroma of Akiane's life spreading forth in a way that will mark this world more than it already has. We see God telling a very old love story in a new way, moving withering hearts to bloom and be present with Him. We believe people will find themselves astounded by His love and never-ending pursuit of their hearts after watching a film on Akiane's life and work, so much so that they are forever changed.

THE TEAM

Our award-winning producing and directing team has over 50 combined years of experience in the film industry. We have come together to tell this unique story using cutting-edge technology and a brand new style of cinematography, and we are excited to create a masterpiece worthy of its subject. We have lived and breathed the work and life of Akiane Kramarik for several years. We have witnessed the impact of her art firsthand by listening to viewers share through tears and reading emotional outpourings online. Most of all, we passionately support Akiane as a person and visionary artist, whose mission is to spread love and unity to all.

TIMELINE

The Akiane Feature Film is in its research and development phase, which will continue through 2025. The film crew, along with Akiane, will capture content over 18 months, traveling to multiple countries in 2026. Narrative scenes and expansive footage captured inside Akiane's studio will give viewers an inside look at Akiane's remarkable story and creative process. Post-production will begin in 2027, with an anticipated film release and festival circuit tour beginning in late 2028.

FUNDING

Our fundraising effort is underway, seeking support through grants, individual donations, and crowdfunding. Funding will cover research and development, film production across six countries, post-production, and global distribution. Your generosity will help us share the Good News with art and pop culture enthusiasts, seekers, believers, and non-believers alike. Through this film, people of every background will discover how art connects us to our Creator, reminding us that we are beloved: personally known, deeply loved, cherished, and favored by Jesus.
